## INTRODUCTION

On the 225 rolls of this microfilm publication are reproduced the compiled records that give the military service histories of units in volunteer Union organizations. The compiled records are card abstracts containing information relating to the stations, movements, or activities of each unit or a part of it, and frequently to its organization or composition, strength and losses, and disbandment. Sometimes the names of commanding officers, the dates the unit was called into service and mustered out, the terms of service, and similar information are included.

The compilation of records of service by military units of volunteer Union organizations was undertaken simultaneously with the compilation of the service records of volunteer Union soldiers. The work was begun in 1890 under the direction of Capt. Fred C. Ainsworth, head of the Record and Pension Division of the War Department. The abstracts were made from original muster rolls and returns in the custody of the War Department and from rolls borrowed from the Second Auditor of the Treasury. The abstracts made from the original records were verified by a separate operation of comparison, and great care was taken to ensure that the abstracts were accurate.

Most of the compiled records reproduced on this microcopy are arranged alphabetically by State or Territory. The remainder are for units that were not limited to any one State or Territory; among them are the U.S. Colored Troops, U.S. Volunteers, and U.S. Veteran Reserve Corps. The records are further arranged by organizational breakdown under each unit.

Most of the compiled records for each organizational unit are in jacket-envelopes bearing the title "Record of Events" and giving the name of the unit. Many of the cards contain abstracts of the record-of-events information as found in original muster rolls and returns. Also included are some cards showing the exact captions of the muster-in and muster-out rolls that were copied and the certifications by the mustering officers verifying the accuracy of the rolls. The jacket-envelopes for a few units contain no documents but do contain references to other units with which these units were merged. In some instances the references concern transfers of documents.

Preceding the jacket-envelopes for the organizational units there sometimes are envelopes containing general notation cards giving information relating to the units. Some of the notations are statements of determinations made by the War Department concerning the service of the units; others contain information that was found in original records other than muster rolls and returns.

There are some card abstracts made from returns that are not in jacket-envelopes. These abstracts were accumulated by the War Department to be interfiled with the regular abstracts but were not interfiled, for one reason or another. The usual reason was that the abstracts made from returns were compiled later than those from muster rolls and in some cases the War Department failed to complete the filing of them. The National Archives has collected all the unjacketed abstracts that could be found for each unit and has filed them immediately after the jacket-envelope containing related abstracts for the unit. A card labeled "Additional Card Abstracts of Records" has been placed at the beginning of each set of unjacketed abstracts to distinguish them from the ones that are in jacket-envelopes.

The National Archives also has compiled service records of the volunteer Union soldiers who served in the units whose service histories are reproduced in this microcopy. They consist of a jacket-envelope for each soldier, labeled with his name, his rank, and the unit in which he served and typically containing (1) card abstracts of entries relating to the soldier as found not only in original muster rolls and returns but in other original records such as hospital rolls, descriptive books, and lists of deserters; and (2) the originals of any papers relating solely to the particular soldier. In a few instances there are compiled service records for volunteer Union soldiers who served in units for which there are neither record-of-events nor general notation cards; consequently, there is no record of such units in this microcopy. These units generally served only for short periods (about 1 to 3 months) or failed to achieve a complete organization. There are card indexes that may be used to locate the compiled service record of a volunteer Union soldier. Most of the indexes and some of the compiled service records of volunteer Union soldiers have been microfilmed.

The compiled records showing the service histories of units in volunteer Union organizations reproduced in this microcopy, the compiled service records of volunteer Union soldiers, and the indexes to the latter are part of Record Group 94, Records of The Adjutant General's Office.

miles and returned to camp marching about

menced which continued for two or three  
miles where we camped upon the evening  
blowly parted at Hand Gap near  
Helmville with eight pieces of artillery  
and a heavy Infantry and Cavalry sup-  
port. My Battery was immediately got  
into position under the enemy fire and  
opened upon them with good effect. One  
of my men was mortally wounded.

Toward Murfreesboro some 13 miles  
Dec. 30/62. marched towards Murfreesboro  
about 5 miles and attacked the enemy  
left about 4 P. M. driving them about  
1/2 mile when they charged us with  
a considerable force of infantry and  
artillery. After a short and vigorous  
contest they were repelled with  
considerable loss.

Dec 31/62 - Soon after day  
light it became apparent that the  
enemy's left had been strongly re-  
inforced during the night as heavy  
columns were being moved upon  
our slender lines with great im-  
petuosity, our extreme right having  
given way our division was forced  
to fall back contesting the ground  
stubbornly. My battery fell back  
gradually, going into position at  
convenient intervals and assisted  
in checking the enemy's masses.  
My loss in this days conflict  
was two killed, five wounded  
and three missing.

RECORD OF EVENTS.

On the 30<sup>th</sup> of March, marching orders were received at Irish Ck. We started on the cars for Duvall Bluff where we arrived on the morning of the 31<sup>st</sup>. From Duvall Bluff the Regiment proceeded up White River by boat as far as Augusta, making said place on the morning of the first of April about 6 o'clock. Here we debarked and marched into the interior as far as Dr. Westmoreland's position miles from the river. While marching this distance

we frequently met and drove the  
enemy pickets capturing four or five.  
At Dr Westmoreland's the troops  
were halted to rest, after which we  
commenced retracing our steps. We  
had returned but three or four miles  
when a small force of the enemy  
dashed upon our rear they were how-  
ever driven back with considerable loss  
on their side, none on ours. We then  
marched on 2 miles further without  
intermission, but on reaching Little  
Woods, 7 miles from the river we found  
the enemy with a largely superior  
force ready to receive us. They were  
discovered in time for us to give  
them the first volley and from that  
time a continual fire was kept up on  
both sides for two and a half hours,  
when finding that our ammunition was  
giving out the march to the boat was  
resumed without further trouble, as the  
enemy was too badly treated to follow.  
We reached the boat at 6 o'clock P.M.  
having marched during the day fifteen  
30 miles and fought a greatly super-  
ior force 2 1/2 hours. Our loss was  
eight killed and eight wounded.

The enemy troops were commanded  
by Brig Genl McAlea and Col Freeman.  
Col Freeman was severely wounded.  
On reaching the boat the troops  
were ordered on and we started on  
our return to Little Rock which

place we reached at 4 P.M.

reaching Little Rock we resumed  
our duties as Provost Guards,  
which duties we performed until  
the 19th when we were again to-  
gether with the 61st Illa. Vol. (our  
belonged companies in the mean-  
time having joined us) started  
up White River and debarked at

Andrews. Not being able to catch  
up with the enemy we returned to  
Little Rock and resumed our duties

the 27<sup>th</sup> we embarked with the troops  
under General Andrews for Pine Bluff,

a bullet and drilling as much as proper regard for the health of the men would allow. On the 20 Dec. we were ordered to proceed to West Quarters of the Regt Camp Dana, at West Mount Farmace. Here under the skillful management of Col. Lester, the Co. got some notion of Battalion drill, beyond the simple movements previously learned at Camp Jenkins & was progressing rapidly till on the 21<sup>st</sup> Dec. we were ordered to march to Elizabethtown. The arduous guard duty performed by the Company at various points has been cheerfully done & but for the almost entire uselessness of our guns, would have been of considerable advantage to the men in the acquisition of skill in the use of arms.
